

## RTL SOLUTION

Provides an abstract representation of your platform, including connectivity, registers, and software, enabling it to be reused or retargeted to address specific needs. Helps automate CAD flows and processing.

Single Domain Solutions

Activity / Modeling level	TLM <sup>(1)</sup>	RTL	Analog
Connectivity (MPA, MVP)	●	●	●
Registers (MRV)	●	●	
Embedded Software (MSE, MSX <sup>(2)</sup> )	●	●	
Packaging (MIP, MRE)	●	●	●
CAD Flows (MDL, MCS, MGS)	●	●	●

RTL Solution
SKU

(1) includes SystemC-TLM and SystemC-AMS  
 (2) MSE v2.0 and MSX available soon
